

Turfli Website — Feedback

Layout & Text

- Fix spacing around the bolded link words in the intro paragraph (DESIGN →, etc.) — currently feels cramped/scattered, needs breathing room to read smoothly

Photos — Service Sections

- "Backyard Remodels" — currently showing a front yard/driveway shot; also duplicates the Landscape Design photo. Needs a real backyard remodel image.

- "Artificial Turf" — also reusing the Landscape Design photo. Swap in one of our actual turf photos.

- "Pergolas & Shade" — current photo lacks wow factor. Replace with a stronger shot from our library.
